SERMONS TO GRADUATES.

PRESIDENT PATTON AT PRINCETON. REFERS TO DREYFUS CASE AND PRAISES ZOLA AS A CHAMPION.

Princeton, N. J., June 11.-The baccalaureate sermon to the graduating class was preached to-day in Alexandria Hall by President Patton. The trustees, faculty and senior class formed in line before Nas-sau Hall and marched to the auditorium. Every seat was occupied. President Patton said in part: "Christianity does not encourage men in their vices. Religion is the goal of culture, and the educated man must stand in some relation to God. He must man must stand in some relation to God. He must have some philosophy of human life, some theory of society. This is the true philosophy that makes men and builds up character."

In speaking of character he referred to the Dreyfus case, saying: "I thank God for that vessel that is bringing an innocent man from his island prison to a verdict of justice; that France is awakening to some sense of justice, and I thank God for that man Zola, who stood by him in his severe trial. Some say his novels are bad. I do not know. I do not read them; but I do know that he is a champion of justice."

pion of justice."

President Patton then addressed the graduating class, saying that the faculty and trustees would follow them in their successes and experience in life. He bade them ever to remember that better is "he that ruleth his spirit than he that taketh a city."
The Rev. Dr. A. W. Halsey, '79, president of the alumni of '78, addressed the annual meeting of the Philadelphian Society in Marquand Chapel to-night.

DRS. HAMMA AND HALLOCK AT ROANOKE SUPREME FAITH IN GOD AND THE CHRISTIAN OF THE TWENTIETH CENTURY.

Salem, Va., June 11.-The exercises of the fortysixth commencement of Roanoke College began this morning with the baccalaureate sermon of the Rev. Dr. M. W. Hamma, of Washington. His theme was "Supreme Faith in God Secures the Highest Success in Life.

In the evening the annual address before the

Young Men's Christian Association was delivered by the Rev. Dr. Joseph Newton Hallock, Editor of The Christian Work," of New-York City, his subject being "The Christian of the Twentieth Cen-tury." After asserting that the principles of Christlanity remain the same at all times and through out all the centuries, Dr. Hallock proceeded to out all the centuries. Dr. Hallock proceeded to show wherein the Christian of to-day is, and especially the Christian of the future will be and ought to be, different from the Christian of the past. In showing what an enlightened experience and the gradual advancement of science and civilization have done for Christianity, he took occasion to refer to the present advancement of thought and action as regards heresy and trials for so-called heretical beliefs, when such beliefs are honest and the result of scientific or historical research.

He then cited instances from history to show how the progress of time had been retarded by the persecution and martyrdom of thinkers who were ahead of their age. He said the Christian motto should be, "In essentials, unity: In non-easentials, liberty, and in all things, charity." Under this rule Calvinism and Armenianism, science and religion, would not only find it possible to work together harmonicusly for the conversion of the world, but while thus working for the common welfare of the race old prejudices and animosities would give place to new friendships, and strong hands and true hearts harmonicusly unite to carry out the Master's injunction to "go forth into all the world and preach the Gospel to every creature." show wherein the Christian of to-day is, and espe-

THIRD BATTERY AT STATE CAMP.

DUST-COVERED RANKS-PLANS FOR A MARCH OF THE FIRST BATTALION OF THE TWENTY-THIRD REGIMENT-GOVERNOR LEAVES THE CAMP.

Peekskill State Camp, June 11 (Special).-The roopers of Squadron A evidently took the remnants of the hot wave home with them to show to their friends as souvenirs, for there is not a patch of it left about camp. On the contrary, the temperature has been steadily falling ever since the 23d Regiment arrived, and this morning, so some of the civilian workers about camp, who get up before reveille, say, there was frost on the ground. They admit it was a light frost, but stick to it that it was not a heavy dew. This has set the men of the regiment to wondering if they are going to have snow squalls and blizzards this year, instead of

But, whether there was a frost or not this ing, the temperature has been lower than before in days, and a strong breeze has been blowing most of the day, which has made the shady places along the bluffs almost too cool for those who were clad for 90-degree weather. There is every prospect that it will be cooler before morning, and the guards have prepared themselves for it by taking their heavy overcoats and blankets down to the guard The event of the day for the regiment was the

arrival at noon of the Brooklyn boys of the 3d Battery. They left Sing Sing at 7 o'clock this morning, and found the last stage of their journey the worst. The roads were thick with dust, and when they rode into camp their faces and uniforms were covered with it, while one could write his name with his finger on the dusty coats of the horses. There were places along the road, the men said afterward, where it was impossible to see the limber of the gun from the front rank of the gun detachment, and they were never so glad to see any place in the world as they were the State They rode directly down to the stables, Camp. They rode directly down to the staties, after passing Squadron A's band, which paraded along the road and played some of its best music to greet them, and proceeded to clean up their overed guns and horses. Then they g themselves and marched in to a late dinner at the

They arrived too late to see Governor Roosevelt. He left the camp at 11:39 o'clock, so quietly, indeed, that scarcely any one knew he had gone, In company with Adjutant-General Andrews, he walked down the long flights of steps near State Headquarters, to the ferry landing at the outpost, but went by the rowboat ferry to Peekskill, where he took the noon train for New-York, bound for Oyster Bay. Earlier in the morning, in company with General Roe and General Andrews, the Governor had driven up the Amesville Road to inspect the field where the 1st Battallon of the 23d will spend to-morrow night, and he was greatly pleased with the route and the site for the camp. his opinion that in practice marches only can the men learn best how to care for themselves in the field, and he is deeply interested in the results of this summer's scheme of instruction. He returned just in time to start for the train. The fact that the 1st Battalion is to start from

camp to-morrow morning, to be absent several days, has kept the commissary officers and quartermasters busy all the afternoon drawing up requisitions for rations and supplies. The battalion will start at 8:30 o'clock, fully armed and equipped for the field, with rations for two days. According to the orders, it will march on the Annsville Road to the Croft Farm, four miles away, where I will spend to-morrow night. On the following day it will break camp and proceed to a chestnut grove, just north of a summer hotel on the shore of Lake Oscawana, five miles further on, where it will camp the second night. Wednesday morning it will return to camp, timing its departure from the lake so as to be back in camp by noon, without fail.

The march is to be conducted as though a hostile force were present in the country or in the near vicinity, and guards will be thrown out to protect the marching column. The men will carry their packs, blankets, overcoats and ponchos, and twenty rounds of blank ammunition.

At the Croft Farm and Lake Oscawana camps

twenty rounds of blank ammunition.

At the Croft Farm and Lake Oscawana camps will be regularly pitched, all sanitary measures will be carefully looked after, and the men will cook their own rations. As the strength of the battalion will not permit of the establishing of grand guards, two or three outposts will be established within reasonable distance of the camp, as an extra precaution against a possible surprise from the enemy. Private property and civilians, the orders outlining the march particularly specify, must be respected, and under no circumstances molested. The value of all such property destroyed will be charged to the organization.

The commanding officer of the hattalion will render a detailed report of the operation, accompanied by a topographical sketch of the route taken, and he is also to afford Major Bissell, surgeonmajor of the 74th Regiment, who will accompany the battalion with a detachment of the Hospital Corps of his regiment, every facility and all necessary assistance for putting into use and giving a thorough trial to an improved incinerator he has invented. Colonel Smith, the field and staff, the non-commissioned staff, one-half of the field music and a detachment of the Hospital Corps will also accompany the battalion. Upon the return of the 1st Battalion to camp the 2d Battalion will go out for a practice march over the same ground.

Church services were held at 4:30 o'clock this afternoon under the trees on the bluff in the rear of General Roe's headquarters. The Episcopal ritual was followed, and the service was conducted by the Rev. Dr. Lindsay Parker, rector of St. Peter's Church, Brooklyn, chapiain of the regiment. He took no particular text, but preached upon "The Fatiarhood of God." This evening he spoke again at services in the Young Men's Christian Association tent.

The officer of the day to-day was First Lieutenant Caryl L. Scofield, of Company H. The officer of the guard was Second Lieutenant William T. Mynotte, of Company C.

POLICE CHASE A BAGGAGEMASTER.

HE IS ACCUSED OF ASSAULTING HIS SISTER-About five hundred people who were waiting for

trains at the New-York, New-Haven and Hartford Railroad station at New-Rochelle were witnesses at 8 o'clock last night of an exciting affray be tween Sergeant Cody and Patrolman Sweeney, of the local police force, and Joseph A. Burkhart, for whom they had a warrant.

Burkhart is a baggagemaster on the Harlem River Division of the New-Haven road, and the officers had a warrant for his arrest, charging him with assault. As they arrived at the station Burkhart's train was just ready to leave. accused man saw them coming, and, leaping from his car, ran through the crowd and down the The policemen started in pursuit, and were joined by nearly a hundred people.

After pursuing the fugitive nearly a mile, he seemed to be gaining, and the officers drew their revolvers and fired four shots at him. Burkhart then threw up his hands and surrendered. A woman standing on the bridge at Division-st was one of the witnesses of the shooting and went into hysterics. She was carried to New-Rochelle Hospital.

Into hysterics. She was carried to New-Rochelle Hospital.

Burkhart was wanted on the charge of assaulting Mrs. Arthur Hill, at No. 34 Garden-st., at 6 o'clock last night. Mrs. Hill is a sister of Burkhart's wife, and she went to Burkhart's house, at No. 30 North-st., to visit her sister, but the latter was not at home, and Burkhart assaulted her. She ran home and told her husband, who swore out a warrant at once. Burkhart is twenty-eight years old.

SERMON ON THE GENERAL ASSEMBLY. "The Presbyterian Church, as Seen in the Mirror of the General Assembly," was the theme of the discourse of the Rev. Dr. David G. SHERIFF MOLLOY WILL INVESTIGATE. The arrest of Samuel McKinney in Philadelphia last week, who is accused by his wife of having murdered a man at Tarrytown-on-the-Hudson 1874, serves to remind the older citizens of that village of a mysterious crime committed there in the winter of that year. It was at the old Van Wart house, near the old Albany Post Road, between Irvington and Tarrytown, that a burglar shot and killed John Mullins, the watchman, McKinney's arrest has been called to the attention of Sheriff Molloy of Westchester County, who will make an investigation.

The Wanamater Store June: Poetic, Practical, Prosaic

HIS business does not compete with poets. They may exploit and extol the leafy month and its rarity to their hearts' content—and yours. Sentiment must have prosaic basis. Practical things underlie the poetic.

The treatment, care and uses of ice are in order now. Summer home furnishing are properly in evidence. Good bargains are never out of harmony. June has very many merchandise specialties, and just as many generalities as any other month. Ergo-Wanamaker's should interest you in June.

Half Prices on **Decorative Teplitz China**

"Teplitz" indicates one of the distinctive, unique varieties of the ceramic art. You know "Teplitz" ware, its finish, colors, decoration. Description would be superfluous, But facts about to-day's showing are essential.

It is the largest and best selected collection of "Teplitz" ware ever offered at bargain prices in America. Not a piece has ever been shown before. Three days ago they were revealed to

American daylight. Every piece is of latest design. The collection includes Vases of many sorts and sizes, Figures, Busts, Groups,

You can anticipate your next holiday gifts. You can give a touch of elegance, most cheaply, to your Summer cottage.

You can secure artistic things for your city home at less than half values. You cannot get such pieces equally cheap unless you get them now. And thate

worth remembering.

Why all this? No use to reason "why." The whole fact, beautiful and cheap, -more beautiful because cheap is all that concerns you. The losses fall elsewhere, and no sympathy need go to waste on them.

40,000 Sheets and Pillow-Cases

Summer Home and Summer Hotel Furnishing Chance This is the invitation to "a sheet and pillow-case party" that will begin this morning

eight o'clock and last as long as it takes to distribute forty thousand bargains. Cotton prices have been on the up-grade ever since January. A pillow-case costs from 3 to 5 cents more to-day than it did then, -an increase that, in the cotton trade, means a great deal.

Yet the prices that we give you to-day are less than the low-record prices of last January. The explanation? Never mind it; -isn't the fact enough? The cotton used in these is one of the two best-known makes in America. You will find it a better grade than that generally recognized as "standard" for this class of goods.

A Linen Suiting at 61/2c. a Yard (Imported to Sell at 25c.)

Every woman to whose attention this offer comes will read it through because it speaks of linen suitings, if for no other reason. Cool, comfortable, serviceable and pretty, the standard of linen as a fabric for summer wear under severe conditions is established, not only in woman's judgment, but in her dress-affections as well.

These are the plain, natural-color suitings that speak of hard wear and comfort whenever you look at them. Pure linen, but selling at a cotton price. There are 12,500 yards. The importer expected them to retail at 25c. a yard
